

Commercial Property Signage Grant Program Guidelines

The Hamilton Economic Development Corporation Commercial Signage Grant Program is designed to increase business traffic to existing businesses through improved signage along HWY 281 and HWY 36, which will result in additional business activity in the City of Hamilton.

For the purposes of this program, preference will be given to commercially-zoned properties that are facing either HWY 281 or HWY 36 and are located inside the city limits of Hamilton. Projects that are not located in this area will not be considered for participation in the Commercial Property Signage Grant Program. The Hamilton Economic Development Corporation Board of Directors may extend the geographic area at their discretion.

The Commercial Property Signage Grant Program is funded and monitored by the Hamilton Economic Development Corporation Board of Directors who may amend, adjust, or eliminate the program at any time. The grant award decisions of the Hamilton Economic Development Corporation Board of Directors are final.

The Hamilton Economic Development Corporation has determined that the signage grant program will provide for new and expanded business development in the following ways:

- Improve aesthetics of the City of Hamilton
- Increase business traffic to existing businesses through improved signage
- Encourage additional investment in Hamilton by business and property owners

Scope

The Hamilton Economic Development Corporation has allocated \$5,000.00 for this program for the FY 2017-18. Grants are competitive and will be awarded on a first come first served basis until funds are depleted.

Applications need to be submitted by 5 pm on the 1st Wednesday of each month to be listed on the next Board of Directors agenda for consideration. Applicants whose grant was denied may reapply in thirty (30) days, if their application has changed to address the reasons for grant denial.

Grants are to be used only for commercial property. If the property is zoned for both residential and commercial use, grant funds may only be used for the commercial property portion of the property.

Tenants must have authorization from the property owner to apply for a Commercial Property Signage Grant.

Two bids must be submitted. One bid must be from a local (76531 zip code) business.

A picture/sketch must be submitted with each application of the current and proposed signage.

Work must not commence on any projects seeking grant funds until the grant has been approved by the Hamilton Economic Development Board of Directors. The Hamilton Economic Development Corporation may terminate any grant project that has not been completed one hundred eighty (180 days) from the approval of the grant.

All grants are reimbursement grants, and will only be funded after completion of the project in compliance with specifications approved by the Hamilton Economic Development Corporation. Upon notification from the applicant that work has been completed in a satisfactory manner, and evidence has been provided that the contractors have been paid, the applicant may request a reimbursement.

Applications for Commercial Property Signage Grants received within three years of a previous award may be denied.

Signage Grant Regulations

The Hamilton Economic Development Corporation will provide a grant in the amount of 75% of the cost of new signage, new signage installation, and removal of existing signage in a total grant amount not to exceed \$1000 per building.

New signage must be approved by the Hamilton Economic Development Board of Directors. The Hamilton Economic Development Corporation requires that all similar existing signage be removed. Applicants may request an exemption regarding the existing signage, which will be determined by the Board of Directors on a case by case basis.

Signage grant funds may be utilized for signage that is mounted flush along building facades, hanging signs that are attached to building facades, and pole signage.

All signage must include a minimum of three different colors in a manner sufficient to attract the appropriate amount of business. Black and white signage will be required to include an accent color. Signage that is reflective of Hamilton's history and character is strongly encouraged over the usage of simple signage.

Commercial Property Signage Grant Program Application

Applications must include two bids from appropriate businesses/contractors and a picture/sketch of the current and proposed signage. Incomplete applications will not be presented to the Board of Directors for review. Applications must be completed in their entirety by the 1st Wednesday of the month to be considered on the next agenda.

Acknowledgement of Repayment Penalties for Employing Undocumented Workers

Section 2264.051 of the Texas Government Code requires that Economic Development Corporations put certain language in any agreement involving public subsidies to businesses. The language must specify that the business does not and will not knowingly employ an undocumented worker. The language must also require repayment of the subsidy with specified rate and terms of interest if the business is convicted of federal immigrations violations under 8 U.S. Code Section 1324a(f).

I, _____, acknowledge that I am receiving a grant from the Hamilton Economic Development Corporation. I, _____, also acknowledge that neither my business nor I will knowingly employ an undocumented worker. If I, _____ or my business, _____, is convicted of federal immigrations violations under 8 U.S. Code Section 1324a(f) within three (3) years of receiving a grant from the Hamilton Economic Development Corporation, I will be required to repay the entirety of the grant funds plus interest at the annual interest rate of 6% from the date of violation until paid.
